SESSION NOTES

CORE ROLLS

Skill / Save: 1d20 + ability modifier + Prowess if trained.

Attack: 1d20 + delivery ability + Prowess. **Power EV:** 10 + governing ability + Prowess.

Strong success: beat EV by 5+; one Momentum Effect. **Heroic:** beat by 10+; one Heroic Effect or two Momentum Effects.

Natural 20: combat attack critical. **Natural 1:** attack misses; failed Active Defense lets attacker critical.

HP: Level 1 = CON score + maximum Hit Die × Rank HP multiplier; later levels add die median + CON modifier. Tough adds +2 HP/level.

RANGE BANDS

Close: same zone, 0–25 ft.

Short: adjacent zone, 25–50 ft.

Medium: 2–3 zones, 50–120 ft.

Long: 4–6 zones, 120–300 ft.

TURN ECONOMY

Move, Action, Bonus Action when granted, Reaction when triggered, one free object interaction, and speech.

EDGE — SPEND AFTER THE ROLL, BEFORE THE OUTCOME; ONE USE PER ROLL

1 Reroll d20	1 Advantage / cancel Disadvantage	1 Heroic Defense	1 Dramatic Rebound
1 Resist Defeat (1/encounter)	1 Power Stunt	1 Add 1 Power Die	1 Reduce Collateral
1 Narrative Advantage	2 Refresh Encounter (1/encounter)	2 Push Daily; +1 Burnout	1 each Team Combo

Starting Edge: **Street 3, Mid 2, World 1.** Cap = **Level + Prowess.** Starting Edge refreshes each session; refresh does not fill to cap.

RECOVERY

Breather (5–10 min): spend any Hit Dice. Each heals die + CON + Recovery Mod, minimum die median; refresh Breather abilities.

Second Wind: Bonus Action once/encounter; spend 1 Hit Die; end Shaken, Slowed, or Dazed; Advantage on next save before end of next turn.

Steady On: while Bloodied, Action once/encounter; spend 1 Hit Die + Recovery Mod.

Downtime: full HP and Hit Dice, starting Edge, Daily powers, and most Conditions.

DOWNED & GRIT

At 0 HP you are **Downed**. Make Grit checks as directed. Three successes stabilize at 0 HP, unconscious. Three failures mean Defeated. Medicine DC 10 stabilizes.

SUSTAINED POWERS

Use a Bonus Action at the start of your turn. You may sustain only one power at a time. Sustaining ends if Stunned, Incapacitated, or Unconscious.

BURNOUT

Check: 1d20 + CON + Prowess vs DC 10 + (current Burnout × 2). After safely maintaining a Power for Prowess turns, check each extra turn.

1 –1	2 –2	3 –3; Disadvantage Initiative
4 –4; Speed –10	5 –5; no Push Daily / Power Stunt	6th Incapacitated until Breather

Recover 1 Burnout after a Breather; recover 2–3 during Downtime.
